Bodysin-sations Dog Bone Soap (5.5 oz) is a favorite at The Pet Resort (Bemis Rd, Belleville). Made with Lavender and Peppermint it will help calm your pet while relaxing their tired muscles. At \$4.50 for each bar sold, \$1.00 will be donated to Loving Arm Rescue Ranch.

In today's fast paced society, we've become conditioned to depend on others for our own well-being, but is that really the answer? Having lived with my own skin sensitivities and knowing the personal affect it had on me in the past, caused me to begin the search for my own form of "a cure". My goal is to educate people with similar issues or with concerns about the products they put on their skin and let them know that they are not alone.

After many years of helping friends and family get "back to the basics" I decided it was time to take my show on the road. Bodysin-sations is my way of putting sensible, beneficial products in the hands of others so that they can experience a healthier way of life.

As the name Bodysin-sations suggests, we should never feel guilty about pampering ourselves...
